

Taft Urges Americans to Stand by Wilson

GERMAN FOREIGN OFFICE IN BERLIN SILENT

SITUATION IS REGARDED AS GRAVE BY OFFICIAL GERMANY; WILL NOT ABATE SUB. WARFARE

U.S. Ambassador Gerard is Assured That Immediate Consideration Will be Given to Representations—Bernstorff Leaves Washington to Spend Week-end Holiday Trip—Neither Note, Nor Any Reference to It, Has Been Published in German Papers.

CHICAGO, April 21.—War with Germany seems unavoidable unless Germany recedes from its position in the submarine controversy, in the opinion of ex-President Taft.

In a speech today he asked all true Americans to stand by President Wilson in the present crisis. He hoped that diplomatic interchanges would avert war.

"This is a terribly trying hour for the United States," he said. "President Wilson is the president of all of us, and I am a citizen of the United States."

BERLIN, via London, April 21.—As far as the Associated Press has been made acquainted with the sentiment in higher quarters, it would be wrong to regard the situation as anything but extremely grave. The note probably will be answered some time next week, after serious consideration has been given the American contention, but there is little hope that any answer can be to the length demanded by the Washington government, despite the fact that the government desires to maintain good relations with the United States.

The sentiment is against any further weakening of Germany's submarine campaign, to say nothing of an abandonment of it.

Mr. Bernstorff, German ambassador in Washington, is expected to leave Berlin today for a week-end holiday trip. The note probably will be answered some time next week, after serious consideration has been given the American contention, but there is little hope that any answer can be to the length demanded by the Washington government, despite the fact that the government desires to maintain good relations with the United States.

Several Messages Passed.

It is believed, however, that several messages have been received from Germany during the last few days or so. It was stated authoritatively, however, that they contained only expressions of editorial opinion and were not official communications. The official communications were closely examined by officials at the state department and the German public opinion.

Bernstorff on Holiday.

Count Bernstorff, German ambassador, was not in Washington today. He left for his week-end holiday trip. He is expected to return to the capital today Monday.

Note is Delivered.

BERLIN, April 21.—The American note in regard to submarine warfare is now in the hands of the German government. It was delivered last evening to Foreign Minister von Jagow in the usual manner, with no attendant circumstances.

Mayor of Boston Fears Danger to Inhabitants if War is Declared

Mr. Morley Boston, Mayor of Boston, has been heard of in the city. He has been heard of in the city. He has been heard of in the city.

In the interest of life and property it is suggested that the city authorities having the ships anchored in the harbor.

The location of the interned German ships in Boston harbor is such, it seems to me, that the major portion of the city would be in danger in the event of the ships being sunk.

There are eight large German and Austrian ships in the harbor. Secret orders for the immediate removal of the ships have been drafted by Assistant General Charles H. Cole. It is reported that the city would be in danger in the event of the ships being sunk.

GERMAN COMMANDER-IN-CHIEF OF FIRST TURKISH ARMY DIES OF SPOTTED FEVER

(By Morning Bulletin Leased Wire.)
AMSTERDAM, via London, April 22 (3:25 a.m.)—Baron Kolmar von Der Goltz, commander-in-chief of the first Turkish army, died Wednesday of spotted fever at the headquarters of his Turkish army, according to an official announcement received here from Berlin. He had been ill ten days.

Filed—Marshall Von Der Goltz was regarded as one of Germany's greatest strategists. He was 72 years old. He had seen extensive military service, having fought in the Austrian campaign and been on the staff of Prince Frederick Charles in the Franco-Prussian war. In 1884 he was sent to reorganize the Turkish army, and remained in Turkey for thirteen years.

In August, 1914, he was appointed military governor of the occupied part of Belgium, but in November of the same year he was relieved of this command and sent to Turkey, where he was appointed military commander at Constantinople and acting minister of war. He was instrumental in forming the strong Turkish defense on the Gallipoli peninsula. He received his command as chief of the first Turkish army in April of last year, when he succeeded General Liman von Sanders in command of the Dardanelles army.

Recent despatches reported Field-Marshal Von Der Goltz engaged in the operations in Asiatic Turkey. Before the fall of Erzerum he was said to be bottled up in that Turkish stronghold, with 50,000 Turks.

Have hearts, both mother and daughter, and in spite of lowering skies and a gloomy atmosphere, brave men were seen in the ranks. The soldiers were in uniform and some of them were carrying rifles. They were looking at the mother and daughter with a curious expression on their faces.

RUSSIANS AT MARSEILLES MUCH FETTERED

New Troops Show No Ill Effects of Long Journey

(By Morning Bulletin Leased Wire.)
Marseilles, April 21.—The Russian troops which reached here yesterday, after a long journey, are in good health and show no ill effects of their long journey. They are in good health and show no ill effects of their long journey.

After field service held at the Oratoire, the Russian troops moved to the principal station of the city with their baggage and military equipment. The newcomers received an ovation as they passed through the crowd.

The coming of Russian troops to the western front has been hailed by military people for two or three months. The reason for this is that it is easier for Russia to transport troops and military equipment than it is for Germany.

Russia still has many hundreds of troops in the east. It is believed that the Russian troops which reached here yesterday, after a long journey, are in good health and show no ill effects of their long journey.

4 TO 1 AGAINST PEACE BY END OF PRESENT YEAR

LONDON, April 21.—Insurance companies have been asked to provide for the payment of the total amount of the loss should peace be declared by the end of this year, indicating that the odds are considered to be four to one against the chance of peace by that time. The premium was rather less than those accepted a few days ago.

Clean-Up Week and The Women's Civic League

THE coming week-end should find Edmonton bright and shining, for everybody is turning out to make Clean-up Week a success.

The Women's Civic League are arranging to have the various districts of the city ridged of the eye-sores in the form of tin signs—mostly battered and weather-worn, that disfigure the trees and fences around the city—bands of 10 or 12 boys from the various schools—armed with gloves, hammers and pliers or other necessary tools, start out on Thursday

next to do their share of the work. Mrs. Morehouse has charge of the work in the Highlands, Mrs. Gibson has the South Side, Mrs. Gardner the West End from 24th street out, Mrs. Garrison the central part of the city, and Mrs. Lyons and Mrs. Clyde Macdonald are handling the boys covering the district from First street west on Jasper to 24th street. No one can doubt but that under the very able management of these enthusiastic and energetic ladies, signs will disappear like the melting snow.

The city scavenger department are preparing for a busy week. Supt. D. Alton

determined that no matter how much of the trash and litter is piled up it will be all taken care of—so that by the end of the week—an empty tin can should be a rarity around the city. All of the various organizations of the city, including The Property Owners Association, The Board of Trade, The Rotary Club, The Lot-Owners Association, and last but by no means least, The Women's Civic League, are heart and hand in the movement, and it is hoped that the citizens as a whole will turn out and do their bit to make the week a success in every sense of the word.

But at the same time there is a very important element to be reckoned with when it comes to making a success of this week, and that is, the children and the managements of the newspapers in the city, realizing the diffi-

culty of awarding prizes for the individual work done during Clean-up Week, have made arrangements with the Monarch theatre whereby every child between the ages of 6 and 14 who have a note from their parents or school-teachers to the effect that they have assisted in the clean-up work will be given a ticket for a special performance to be held Saturday morning, April 29th, at the Monarch theatre. Manager Allen is giving particular attention to the program for this occasion and films of intensely interesting nature will be shown. Those who witnessed last Saturday morning's special attraction will realize that when this theatre advertises a children's film, it is one really worth-while, and this free ticket offer should go a long way towards encouraging the younger citizens of Ed-

monton to do their share towards making this a city beautiful, and then, when this is accomplished, it is hoped that the natural civic pride, of which the most of us boast, will see that Clean-up Week will extend the year around.

HOLIDAY TRADE
WAS VERY GOOD

In Edmonton—Market in Staples Continues To Be Strong

Business, both wholesale and retail, in the Edmonton district continues to increase both in volume and in prices, practically every line of staple goods showing strength with a tendency to advance. Local wholesalers report that the volume of trade during the last week is considerably in excess of

The merchandise situation, which in some lines has become almost acute, has delayed deliveries to some extent, but up to the whole the market conditions have been anticipated conditions, very well and have stocks of practically all of the staple lines.

today or early next week. This judgment is based upon the increase in the American market. The base price of sugar was \$8.95 on Thursday afternoon. There was no market yesterday because of the holidays. The price in the early part of the week in the primary markets were practically cleaned up by refiners and speculators. "THE DUMMY" IS NEXT OFFERING AT THE EMPIRE

Detective Barney Stories Turned Into Four Act Comedy of This Name

Next week will be a big one in Edmonton for several reasons. First, it is Easter week, secondly, it is closing week, third, it is teachers' convention week, and last, but not least, "The Dummy" will be presented for the entire week of the Empire Theatre starting Easter Monday, and including a scientific matter, Wednesday and a special feature Saturday.

Harvey A. Higgins and Harriet Ford, who joined forces as the authors of "The Dummy," have taken the detective Barney stories by Mr. Higgins, turned them into a four-act comedy and called it "The Dummy."
